

Product Features

- A kitset system with various extrusions available to create a specific layout for each project.
- The slimline style is designed for minimal visual intrusion.
- Options include side-fixed cover extrusions to conceal the glass clamps.
- The multi-wheeled glass clamps require no holes or cut-outs in the glass.
- Designed for 10mm or 12mm toughened safety glass.
- Will accept up to 120kg doors, per panel.
- The track can be side fixed, or ceiling fixed, depending on the structural application.
- The standard finish is Silver, but Powdercoated finishes are available upon request.
- For specific glass and layout detail please refer to Technical section of our website.
